End-to-End Logistics for FBA Merchants

Your Challenge
- Are you an Amazon merchant selling products in Europe or the USA?
- Do you need a partner to handle your overseas import shipments, including customs clearance?
- Are you finding it difficult to plan around fluctuating storage costs and long-term storage fees?
- Are you faced with obstacles when Amazon is receiving goods in their fulfillment center, e.g. labeling?
- Are you struggling with the costs of return shipping, restocking and processing fees?

Our Solution
- Global transport solutions by air, sea, road and rail
- Customs clearance teams in Asia, Europe and USA
- Cost-efficient storage, no long-term extra charges
- Inbound quality check at cargo-partner warehouses
- Dispatch orders and 24/7 visibility via our SPOT eWarehouse Platform
- Amazon-FBA-compliant picking, packing and labeling
- Shipment to Amazon Fulfillment Center by Amazon-approved Parcel and LTL/FTL shipping
- Returns processing: quality checking, repacking, relabeling and restocking

Your Benefits
- Freight forwarding provider since 1983
- 5+ years of experience in enabling FBA business
- Cargo-partner fulfillment centers located close to all major Amazon distribution centers
- Faster replenishment, optimized costs and lower risk of running out of stock
- Lower return costs by shifting returns from FBA facility to cargo-partner’s fulfillment center
